Mr. W. R. Gatt

Valletta, Malta.

Dear Sir:

Responding to your inquiry, the American Journal of Numismatics is no longer published. To take its place we now issue the Numismatics Notes and Monographs, of which I enclose a list. These are sent without cost to members as a partial return for their annual dues of \$5.00, usually four to six are issued during the year. If you care to consider a suggestion that you enroll as an associate member, I shall be very glad to send you an application card.

Very truly yours,
